

DWAYA

DESIGN & BUILD

COMPANY
PROFILE
2021

Hello
From
Dwaya.

Dwaya Indonesia is a professional **interior design and construction** company based in Jakarta specializes in commercial projects for corporations.

Our services help businesses over with their **custom office interior** design and build.

Dwaya provide the **complete commercial packages customized** to your business needs.

We believe in the creation of value and creativity to achieve maximum potential within your workspace.

Interior
empowers
you.

Here's
what we
can do

FEASIBILITY

The Feasibility study include workplace audit, furniture audit, site survey, preliminary space plans, preliminary cost estimates and a detailed project program.

DESIGN CONCEPT

After the design pitch process comes to agreement, here we can proceed to visualize the design ideas into a full-3D design complete with the implementation plan.

IMPLEMENTATION

And finally, here comes the execution of the design plans and ideas into reality with quality control and professional project management.

M&E SERVICE

Our mechanical and engineering service includes all things related to mechanical and electrical, such as data server, cctv, etc.

BESPOKE FURNITURE

We are also capable of producing our own set of custom professional furniture tailored to fit your size, space, and function.

REINSTATEMENT

We can help you to restore your space to the original state according to the building standard.
